NAXAL VIOLENCE: THE THREAT WITHIN

KW Publishers, New Delhi, India, 2012. Hardcover. Book Condition: New. Dust Jacket Condition: New. First Edition. The causative factor for the existence of the Naxal movement in India is ideological. Today, 196 districts are affected by it. Of these districts, 35 have been seriously impacted where the writ of the state is either weak or almost nonexistent. The spread of Naxalism is an indication of the sense of desperation and alienation that has swept across large sections of India. Naxal violence in the red corridor and beyond has increased owing to the failure of the central and state governments to satiate the needs of the locals and meeting their basic expectations. Outreach efforts of Naxalites for arms, training, finance, ideology, drugs trade, and to forge a broad front against the common enemy India, are a matter of concern. They have established linkages with the Maoists of Nepal, militant groups operating in northeast India, anti-India actors both state and non-state based in Pakistan, and umbrella organisations at regional and global levels. The military might of the CPI (Maoist) has grown to a sizeable force of the Peoples Liberation Guerrilla Army (PLGA) and continues to challenge the Indian state. The series of violent incidents against the state agencies and abduction of government personnel highlights the degree of concern that the problem demands. This volume is a compilation of papers that aims to address the various perspectives of what the Prime Minister of India has oft declared to be the most serious internal security challenge facing the nation. An in-depth study of the characteristics of the Naxal movement, the book covers the genesis, causative factors, strategy, linkages of the movement and the options and challenges for the Indian state. Recommendations for conflict resolution are also charted out in the book. Now is the...
