

Driving Strategy to Execution Using Lean Six Sigma: A Framework for Creating High Performance Organizations

By Gerhard Plenert

CRC Press. Hardcover. Book Condition: New. Hardcover. 247 pages. Many organizations develop strategic plans that gather dust on bookshelves. Many other organizations employ Lean and Six Sigma methodologies to eliminate waste and reduce process variation only to find they are not moving the big bars that measure success for the organization. Driving Strategy to Execution Using Lean Six Sigma: A Framework for Creating High Performance Organizations details a framework for leveraging an organizations Lean Six Sigma capability in a manner that drives their strategic plans to execution by linking their strategy deployment into the fabric of their day-to-day operations. Bolstered by real-world examples of successful strategy execution, leveraging, and Six Sigma, the book provides: An organizational framework for understanding the strategic process A model to follow in developing and executing short-range (5 years out) strategies A model for longer-range visioning, scenario modeling, and strategy execution An assessment tool for measuring an organizations transformation to high performance The framework provides a proven methodology that takes a systems approach to creating high performance. It presents the core process of strategy development and SA and D with the governing process of driving the right metrics through a balanced scorecard approach focused on the...
