Greenwood Press. Hardcover. Book Condition: New. Hardcover. 280 pages. Dimensions: 9.3in. x 6.3in. x 1.0in. England witnessed an overall rising standard of living in the seventeenth century. Still very much an agrarian society, approximately 80 of the population lived in rural settlements, and even citydwellers were in walking distance of farmland. However, as the the century came to an end a growing proportion of the population was living in urban areas. London in particular grew from some 200, 000 people in 1600 to 575, 000 by 1700 and went from being the 3rd largest city in Europe to the largest. Homes were larger than previously and the wealth of a family could be determined by how many fireplaces were in the home. Clothing was another important facet of Stuart culture and not only protected the wearer against the elements but was a statement of their position in society. Clothing and homes werent the only marker of social status, even sports and games were often divided along class lines - many in the lower classes played football while the upper-classes were consumed with billiards. Forngeng brings life in Stuart England alive for students and general readers alike.
